Redundancy Cover for Paycare Policyholders

If redundancy strikes, it's not just your job and a regular income that could disappear. It may be difficult to maintain payments for healthcare, or you may lose valuable employment healthcare benefits and perks. It can really feel like you're being kicked when you're already down.

When you're secure in a job, you probably take it for granted that you can afford to visit the dentist regularly and have new glasses when you need them. But if you lose that steady income, the wonky tooth or pain in your back might just have to wait for more prosperous times.

At Paycare, we believe that great healthcare should be affordable for all. So we're offering all Policyholders the opportunity to have FREE Paycare cover from the day that they are made redundant for up to 6 months or until they find a new job, whichever comes first.

At least with your healthcare costs covered you'll have one less thing to worry about in difficult times.

See overleaf for full details of cover and exclusions.

If you're made redundant, and are eligible for Redundancy Cover, just give us a call or send us an email and we can get your cover started:
